Electricity & Water Expo 2017

AEW is Algeria's only Electricity and Water Expo of the year.

All of our focus is on ensuring that our attendees and exhibitors can get everything they need for the coming year in one place. Before, during and after the show, we are dedicated to providing you the most face-time possible with the largest group electricity professionals in Algeria.

Exhibitors are an important part of our year long attendance-building campaign.

Our marketing efforts include:

- Highly targeted e-mail, fax and direct mail campaigns. AEW and its partners have a membership base of more than 15,000 members. Our prospect database is the largest and most effective in the profession!
- Strategic Web exposure in The 9th Algeria Electricity & Water Expo site. The official site is already up and running. Attendees can register now for 2017.

One-on-One Time with prospects and customers?

New-Fields' Algeria Electricity and Water has exclusive exhibit hours built in to the conference schedule.

- We make sure time is on your side! Use your unlimited Expo passes to distribute to customers and prospects to make sure they visit you at the show.
- We make sure time is on your side! More than 45% of our attendees spend at least five hours exploring the Expo floor.
- You also have the opportunity to teach attendees what you know! Enhance your organization's reputation with an Expo educational session that advances the professional development of attendees and contributes to the workplace industry's body of knowledge.

Customized Maximization of your Exhibit Experience?

We have the exposure opportunities that will fit your budget and marketing goals.

We have the exposure opportunities that will fit your budget and marketing goals. Whether you plan on spending \$5,000 or \$50,000, we will work to provide an exhibiting experience tailored to your needs!

Advertising Opportunities

Pre- and post-show attendee mailing lists, pre-show e-mails to attendees, Show Directory advertising and Web ads are all available to boost your visibility before, during and after the show!

What are your customers looking for in an Expo?

The Future of AEW

The 9th Algeria Electricity and Water Expo attendees want to be on the cutting-edge of the industry as they plan coming year.

They want exhibitors who are looking to the future with the latest products and services available. Debut your newest offerings and gain the attention of the industry's purchasing powerhouses. Make their must have lists for 2017!

Return of Investment

Dedicated professionals from all over Algeria and North Africa make a commitment to spend their time away from the office receiving the best educational programming the industry has to offer.

The combination of world-class educational sessions and a variety of networking opportunities provide our attendees with a comprehensive experience that addresses all of their professional needs. The addition of interaction with the leaders of the industry on the Expo floor enhances their experience. Your presence is a key ingredient in their ROI.
